

Chartwells Committed to Ontario Food and Beverage Policy

School is where students spend much of their time and they need nutritious food to grow and be active. Selling nutritious food and beverages is our way of enhancing the school environment.

Chartwells (a division of Compass Group Canada) is proud to be the primary foodservice provider at our school. They look forward to students coming into the cafe and sampling the great new menu for the fall! Student feedback has played a huge role in helping Chartwells create a menu that includes fresh, healthy and innovative options that taste great. Items like pizza made with turkey pepperoni, customized sandwich wraps, noodle bowls and healthy snacks to go. Authentic and flavourful sauces and dips will be featured in many of the recipes. Students say they like diverse flavours - Asian, Italian, Greek, Tex Mex and Middle Eastern and these options will dominate the new menu.

All menus and meals will come with an additional ingredient – value! Meal combos provide a full meal at a great price. Check out the cafeteria this fall and see for yourself how committed Chartwells is to offering food options that taste great.

This year we have given our students something extra to be excited about as they head back to school...Chartwells first ever **GIVE US A TRY** promotion!

Featuring daily **FREE** samples, great savings, coupons and discounts...it lets students, faculty and staff taste our most popular menu items and try some of our most exciting new ones!

To learn more about the School Food and Beverage Policy refer to the [PPM150 Quick Reference Guide 2010](#).
